PROFESSIONAL SUMMARY

Full Stack Developer with 3.5 years of experience delivering scalable web applications from concept to deployment. Proficient in technologies **React, Node.js,Python,JAVA,AWS,Azure Express.js, Redux, MongoDB, Zustand, Cypress and Jest**, Having proven track record in building **scalable** and **maintainable** systems that meet demanding business requirements such as Dashboards, Mobile Apps, Web Applications, Landing Pages, etc.

WORK EXPERIENCE

Associate Software Developer (ONEAGROW FINTECH)   May 2023 - July 15 2025

– **Developed and maintained** secure, scalable web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)** and Python, ensuring high code quality through **automated unit and end-to-end testing**. **Developed** and **Implemented Auth,Encryption** and other other security modules for **RBAC**.

– **Optimized** application performance for speed and scalability by implementing caching, load balancing, and leveraging **Content Delivery Networks (CDNs)** . Which lead to increased **customer registration**s by more then 30 percent

New Associate (Accenture)   Dec 2021 - April 2023

– **Deployed** developed and deployed fullstack web apps in Azure using services like (Load-balancer,App Gateway,Azure Functions,VMs for optimized and enhanced response times. **Leveraged** Azure(CDNs and Redis) for improved performance.

– **Collaborated** with teams to implement new features and fixes, contributing to efficient project delivery using CI/CD pipeline using Auto Deployment Script,GitHub Actions CI Workflow and automation scripts using python and js.

PROJECTS

Pupils - Student LMS (PostgreSQL, Node.js, Express, React, Tailwind, Redux)   View Demo

– **Designed and implemented** RESTful APIs using Node.js and Express for core CRUD operations and secure role-based user authentication.

– **Developed** an intuitive frontend using React, Tailwind CSS, and Redux for a seamless user experience for students, parents, and administrators.

– **Built** an Android app to enable students and parents to track academic progress and receive timely updates.

Greattr - Android Apps (ReactNative, Node.js, Express,MSSQLPostgreSQL,JAVA)   View Demo

– **Implemented** Advanced security features such as RootChecker,SSLPinning and JWT Auths.

– **Integrated** Firebase for push notifications to users based on custom or mannual trigger from dashboard.

– **Created** a comprehensive dashboard for tracking customer activities, merchant details,loan status and disbursing loans.

Greattr Onboarding Portal + Landing Page (PostgreSQL,MERN,Cypress,python)   View Demo

– **Developed** User registration portal, handling global state with Redux . **Integrated** the Online OKYC Aadhar API for KYC registration in less then 5mins,added google captcha V3 for added security.

– **Implemented** online Payment and Document Aadhar E-sign,prioritized user experience and **responsive design** .

EDUCATION

2017 - 2020   **Bachelor's Degree (BSc Computer Science)**, **Mumbai University**

CERTIFICATIONS

Azure Administrator (AZ-104)	**Azure Fundamentals (AZ-900)**
Azure Security (SC-900)	**Azure Data Fundamentals (DP-900)**
AWS Certified Cloud Practitioner (AWS-CP)	**Azure AI Fundamentals (AI-900)**

TECHNICAL SKILLS

Frameworks/Libraries:	**React**, **Node**, **Express**, React Native, **Redux**, **Angular**, **JAVA Spring-Boot**
Databases:	**MongoDB**, SQL (MySQL, PostgreSQL, MSSQL)
Tools/Methodologies:	**Git**, Docker, Cypress, Gulp, **CI/CD**, **Agile**, Linux, Bash, JEST, GCP, AWS, Azure
Other:	Restful APIs, Micro-services, Security Best Practices, Automated Testing, Responsive Web Design
